About the Book

The Jews of Khazaria explores the history and culture of Khazaria—a large empire in eastern Europe (located in present-day Ukraine and Russia) in the early Middle Ages noted for its adoption of the Jewish religion. The third edition of this modern classic features new and updated material throughout, including new archaeological findings, new genetic evidence, and new information about the migration of the Khazars. *The Jews of Khazaria* tells the compelling true story of this kingdom past.

About the Author

Kevin Alan Brook is an American historian and genetic genealogy consultant who has researched the Khazars since 1993. He contributed an article about the Khazars to *The Encyclopaedia of Judaism*, second edition, and wrote an introduction for Rabbi Daniel Korobkin's translation of *The Kuzari*. He also researches Sephardic Jewish migrations throughout the world and the presence of Jewish ancestry among Latin Americans, Sicilians, and Slavs. His website is Khazaria.com.

Praise for the Book

“This third, revised edition of Kevin Brook’s well-received publication succeeds in elucidating controversial issues, while contextualizing the Khazar polity within the competitive ninth- to eleventh-century world. As a full exploration in English of the history and culture of the Khazars, this volume is without equal.”

— **Edward J. Lazzerini, Indiana University**

“Far from being [merely] a romantic interlude whose brief existence sparked the imagination of generations, Brook’s volume shows that the Khazar experience is intrinsic to the narrative of Jewish history.” (*Previous Edition Praise*)

— **The Jewish Quarterly Review**

“Kevin Alan Brook has decided to look behind the various views of the Khazars and produce a non-ideological work that examines the little-known but critical moment in world history. . . . The facts are fascinating.” (*Previous Edition Praise*)

— **Jewish Book World**

Features

- Includes maps, glossary of key terms, and timeline of events
- Offers a comprehensive account of Khazar history, culture, religious life, economy, military, and government
